Final School Counseling AIA Rubric

General overview

The Pre-Advanced Internship Assessment (Pre-AIA) is completed twice by the practicum site supervisor during the 100-hour internship in school counseling. Candidates must be given the opportunity to be observed on each standard/competency noted in the Pre-AIA.

Instructions: Referring to the rating descriptions below, click on the rating level that best describes the practicum student's performance on each standard. In order to complete the program successfully, School Counseling students must have met every standard at the "MET: Proficient" level. For a "Proficient" rating, all criteria connected by "AND" must be met; if one or more of the individual items connected by "AND" are not met, the site supervisor should select a "Not Met" rating of "Developing" or "No Evidence." Provide a comment below for any rating of "Not Met". Practicum students who receive "Not Met" ratings on the final evaluation will receive remediation before moving forward to the internship courses. Remediation may involve targeted mentoring on specific standards and extended time to provide additional evidence. It is expected that practicum students may receive a rating of "Not Met" of some standards at the mid-term portion of the practicum experience.
