Please write a brief statement of Mrs. Ludolph's strengths in any of the areas you have observed her leadership. *

Mrs. Ludolph related to the parents very well. The event was organized and the families felt welcomed. The event was very well attended and there was support from the community present.

Please include some constructive feedback that can help Mrs. Ludolph as she continues to grow her leadership skills. *

The only suggestion I would have about this event is to possibly have an interpreter for the Perquimans Library personnel as they shared their resources. I'm not sure if all parents understood what was being said. The same is true for the read aloud. Other than this, the event was great!
