Good morning Ms. Hinton,

In October, Dr. Lassiter sent an email stating that I would be seeking to collaborate with you regarding special populations for my MSA requirements. I was wondering if you are free sometime in the next several weeks to meet and discuss your role, so I might learn more about what we are doing to help our students through McKinney Vinto and other supports.

I could also meet virtually if that is more convenient for you.

Thursdays are typically a good day for me after school hours, but I could meet during planning on a Monday or Tuesday. That time is 1:00-2:00pm.

I look forward to speaking with you!

Good morning Ms. Ludolph,

I am more than happy to meet with you. I'm currently at HGS and will be here until 2:00 p.m. If it's still convenient for you, I can meet with you at 1:00 today.

Yes, that works for me. I do not have an empty classroom at that time, so we will need to see if the conference room in the front of office is available. I'll meet you there as soon as my class has transitioned. It will be a few minutes past 1.

Thanks!

Charlotte
